DETAILED ACTION

1. Applicant's election of invention of Group I with claims 1-5 indicated by Applicant to read thereon, in the reply filed on November 7, 2006 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. Claims 6-10 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Re claim 1, line 6, change "said said" to --said--.

Re claim 1, line 7, change "second body" to --second body.--

This application is in condition for allowance except for the presence of claims 6-10 directed to invention non-elected without traverse. Accordingly, claims 6-10 have been cancelled.

Reasons For Allowance

4. Claims 1-5 are allowable over the prior art of record.

Art Unit: 2813

5. The following is an examiner's statement of reasons for allowance: the prior art of record neither teach nor make obvious the claimed limitation of the instant application as a whole as recited in claim 1. In particular, the prior art does not teach or suggest the particular subset of the process steps for forming a laser diode device, which includes bonding a conductor ring to the bonding layer of first body; mounting the second body over the first body and the conductor ring, whereby the first and second bodies together substantially surround the conductor ring and bonding the conductor ring to the bonding layer of second body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
